

DEPARTMENT OF CHEMICAL ENGINEERING MTech Admissions 2024 – 25

The Department of Chemical Engineering at IIT Hyderabad invites applications for admission to its **MTech Program**, for the academic year starting in **July 2024**

Why ChE @ IITH

- Flexible academic curriculum
- Interdisciplinary & collaborative research environment
- Cutting-edge research facilities
- MoU and student exchange programs with leading international universities
- Diverse avenues for professional development and networking
- Safe and vibrant campus life with creative extracurriculars

Research Areas

- Catalysis & Energy
- Bioengineering & Biotechnology
- Process Systems & Engineering
- Advanced Materials
- Fluid Mechanics
- Polymers & Soft Matter
- Mineral Processing
- Multiscale Simulations, AI & ML
